

At NNW we are excited to kick off our Legacy Paver Program! Directly outside of our Great Hall is our outdoor patio, which consists of 250 pavers measuring 2' x 2' each. Every paver is being offered for engraving, making this a great opportunity to honor your family, ancestors, other loved ones or even your business (with logo). Your paver will be seen and appreciated by all those who visit Norida House for decades to come! Please make checks payable to NNW or call the office with payment information.

Join in on this exciting opportunity!

(Once the first engraving is done and in place, we cannot guaratee your placement near other, already completed terrace paver dedications)

The first engraving will take place in late August and early September. You will have the opportunity to review a proof of your text prior to engraving.

^{**} Some logos with high levels of definition may not reproduce with the same definition.
